ADVANCED PRE-EMERGENT HERBICIDE WORKSHOP INNISFAIL 11 JUNE

In this customised practical workshop for growers, Emilie will use relatable farming scenarios and share how to take control of weeds before they take control of your farm.

The workshop will include the following:

1. Quickly identify weeds with the digital tools you already have in your pocket.
2. Choose herbicides mindful of weed pressures, your farming system and alternative chemical groups.
3. Practise your skills on a real life scenario.

Morning tea and refreshments provided

When: Thursday 11 June

Time: 8am - 11am

Where: Innisfail CANEGROWERS conference room
88 Rankin Street, Innisfail
