

CBL *Young Growers*

SRA BRANDON STATION TOUR

CANEGROWERS
BURDEKIN

CBL has organised a tour of SRA's Brandon Station for younger growers to learn firsthand about the plant breeding process from SRA's Variety Officer Catherine Kettle followed by a research project update from SRA Burdekin District Manager Terry Granshaw.

This should be an informative morning of learning about what SRA is doing for you in the Burdekin and the industry.

Date: 18 June 2026 (Thursday)

Start: 9.00am

Finish: 12.00pm followed by lunch

Location: 30962 Bruce Highway, Brandon

PROGRAM

- Plant breeding process from seedlings to release.
- Planting a herbicide trial.
- Use of NIR (Near-infrared spectroscopy).
- Updates on drones, automated irrigation project, and soil health subsurface trial using mill mud and organic material

RSVP

We know everyone is busy, but this would be a good return on your 3 hours of time to attend this session which has been kindly hosted by SRA for your benefit.

Please RSVP by 15/6/26 to:
